Enlightened by Knowledge, Enriched by Faith

Our School Profile

Measures of Student Achievement and Success

All students in the Dufferin-Peel Catholic District School Board schools are provided with the same opportunities to learn, to grow and to achieve their potential. Assessment results ensure that schools, parents and other stakeholders in our communities have access to high-quality information needed to make informed judgments and effective educational decisions. Schools continuously collect assessment data on student learning to plan for student growth. Teachers assess knowledge, skills and strategies on an ongoing basis. Regular assessments, both classroom and large scale, allow teachers to determine the effectiveness of their instruction, assess student learning, and make informed decisions about how to organize and pace instruction.

Provincial Measures of Student Achievement

The Primary and Junior EQAO assessments of reading, writing and mathematics are conducted annually by the Education Quality and Accountability Office (EQAO) in every publicly funded elementary school in Ontario. The assessments are based on *The Ontario Curriculum* and measure how well students know, understand and apply their skills and knowledge in reading, writing and mathematics. At the secondary level, the Grade 9 EQAO assessment of mathematics is administered at the close of each semester (or at the end of the year in non-semestered schools) each year to measure Grade 9 student achievement of mathematics expectations in *The Ontario Curriculum, Grades 9 and 10: Mathematics, 2005 (Revised)*. In addition, EQAO conducts the annual Ontario Secondary School Literacy Test (OSSLT) each March. Successful completion of this test (or the Ontario Secondary School Literacy Course) is one of the 32 graduation requirements of the Ontario Secondary School Diploma (OSSD).

The provincial assessments provide a ‘snapshot’ of how well students are learning what is expected of them in the curriculum at specific points in time. The assessments complement local school data and can help identify ways to influence instruction and other practices to help students learn more effectively and efficiently. Students’ work is assessed according to curriculum expectations and using a four-level assessment scale that reflects the four achievement levels in *The Ontario Curriculum*. Level 3 on the assessment scale represents the provincial standard and identifies a high level of achievement of the provincial expectations. The results from the assessments are used by boards and schools to improve learning and teaching and not for ranking schools. **Ranking of schools is inappropriate and could result in misleading comparisons, which may ignore the unique conditions that affect student achievement and prevent schools and the board from addressing the critical issue of improving learning for all students.**

School, Board and Provincial Achievement Results: 2007 - 2008

SAMPLE: School results on the EQAO Grades 3 & 6 reading assessments indicate that the school-wide emphasis on reading has produced a marked improvement in our students’ reading and mathematical skills. Our Grades 3 and 6 results in reading and mathematics have exceeded the results from the previous year. Our writing results show some improvement from the previous year but suggest that there is room for improvement.

Percent of students, enrolled in the grade (Method 1), who scored at and above the provincial standard (Levels 3 & 4):

	Reading (All Students) Levels 3,4	Writing (All Students) Levels 3,4	Mathematics (All Students) Levels 3,4
Grade 3 ('07-'08)			
School	79%	72%	69%
Board	65%	71%	68%
Province	61%	66%	68%
Grade 6 ('07-'08)			
School	56%	65%	26%
Board	70%	72%	62%
Province	66%	67%	61%
