Dear Parents/Guardians,

As you know we have planned and looking forward to our Grade 7 and 8 trip to Ottawa. School administration and the intermediate teachers will be reinforcing with the students that trips are a privilege that students earn by demonstrating responsibility for their academic progress and behaviour at school.

Student expectations include:

- regular school attendance and punctuality to school and class
- appropriate and respectful behaviour in and out of the classroom
- responsible attitude towards school work in all subject areas
- timely completion of all homework and assignments
- demonstrating respect for teachers, administration, staff and guests in the school
- demonstrating respect for authority
- demonstrating respect for the esteem and property of all classmates and students
- consistent adherence to all school rules and expectations

The intent of this letter is to inform you that if your son/daughter does not meet our expectations in several of the above listed areas, *they are in danger of losing the privilege of participating* in the trip to Ottawa Overnight Excursion with his/her class.

As the Grade 7/ 8 trip is still several months away, we are providing all parents and students with the expectations required in order to participate and attend this overnight excursion. We will monitor student behaviour, academic performance and communicate with parents on a regular basis.

It is our sincere hope that no student is excluded from the scheduled overnight trip as it provides an excellent opportunity for social and academic learning beyond the school setting and is truly a memorable experience for the students and staff involved. For the Ottawa trip to be successful, however, we need to ensure that every student attending is responsible for his/her behaviour and has a positive attitude towards school activities.

Please sign and return the form below, letting us know that you are aware of the behaviour expectations and issues discussed in this letter.

Sincerely,

C. Cauduro
