Sherry Tremayne-Pengelly - Member
Faith Henry-Mayers - Member
Susie Rocha – Member
Sandra Sommerville - Member

Opening Prayer

Proposed Sports Field for Leger

Council considered the information provided by City staff at the previous meeting. All proposed sites were discussed. In addition, and since the last meeting, school staff proposed another option which would place the sports field immediately to the west of the school. This would involve relocation of portables and displacement of the south-west parking area. St. Mary's elementary school property, adjacent to Cardinal Leger, may provide the opportunity for the relocation of portables and parking requirements. Some parking can also be accommodated on the south side of the school, present site of the school sign.

Following careful consideration, Council expressed school spirit can best be fostered in a location adjacent or immediately close to the school. Sites proposed by the city were not regarded as appropriate or viable. Furthermore, a site adjacent to the school can best support the school's curriculum, including Phys. Ed., and other athletic needs.

Council recommended to the Principal that the proposal offered by staff placing the sports field adjacent to the school, is the most appropriate. (Subject to DPCDSB approval and other considerations including City approval.)

Council meeting adjourned to March 1st, 2010, 7:00 p.m. in the library.

C. Christidis
Vice-Chair
