September 14, 2011

Dear Parents and Guardians,

St. Roch C.S.S. is very excited to announce the filming and production of our very own school video. It is our goal to involve and include all the students and staff collectively as cast members. Each staff member and each student enrolled at St. Roch C.S.S. will have a role in this video production. This video will be used to promote the Regional Arts Program offered here at St. Roch C.S.S. The video will be used in the local elementary schools, to recruit any students interested in auditioning for the Regional Arts Program, the video potentially could be used by the Dufferin-Peel Catholic District School Board to highlight excellence in education at the provincial and/or national level, exemplifying our outstanding student/teacher leadership and powerful school community.

On Wednesday September 21, 2011, a rehearsal will be held during school hours for all students and staff. The final video shoot will be held on Thursday September 29, 2011. We are striving for full student participation in this rare and exciting opportunity.

It is our goal to involve all students equally unless, as a parent or guardian, you strongly object to your child participating in this school wide event. Should you have any questions or concerns please contact Mr. Homick or Mrs. Fenwick at 905-456-8543. Thank you for your support.

Sincerely,

Mr. C. Homick
Principal
St. Roch C.S.
