FOR THE SAFETY OF ALL

Traffic Safety (posted earlier this month in our October newsletter)

*We remind you to follow the Kiss and Ride directional and fire route/bussing route signs on our property. Also, we ask you to follow the same rules and guidelines for walking children to school as we expect the children to follow. **Remember that children watch what we do more than they listen to what we say.** Parking Enforcement has been visiting schools throughout Peel Region and issuing tickets to vehicles that are in parking violations. It is known that these have been issued around the premises. They are paying particular attention to cars parked in the fire route/bus drop-off zone at the front of the school and cars are being ticketed even when someone is sitting in the vehicle. Please remember the importance of abiding by the posted traffic signs at the school. The safety of our children is worth our utmost attention to this.*

The school is also discouraged by the inappropriate language that is being used by adults towards our staff when they are only doing as requested. The very disturbing part is that many parents are using this hurtful language in front of their young children. If drivers continue with the non-compliance attitude towards the parking regulations they will eventually be ticketed by the parking authority. If the abuse of the parking lot and driveway continues the school will be forced to make this area off limits at pick up time and drivers will need to find a place to park on the surrounding streets (where parking is allowed). This would mean no cars would be permitted into the driveway or parking lot until all buses and students have departed. This is already common practice at many of the schools in Brampton and Mississauga. The majority of parents in our community support this idea along with our Parent Council.

Note: Emergency vehicles must be able to enter the school property at all times without being denied access. Cars left unattended and parked in the fire route will be ticketed.

If you have concerns, please contact the City of Brampton.

T. Waters
Principal
