ERIN MEADOWS LIBRARY - 2005-2006**

**MLA CITATION QUICK SHEET \***

Citing means stating exactly from where information and ideas come. Remember that citing your sources not only gives credit to the ideas of others, it adds veracity (truth) to your research and readings.

**Parenthetical citation** - an in-text, embedding referencing system which directs readers to a "Works Cited" list at the end of a research assignment. *For addition info see MLA Handbook 6th edition.*
