

GONZAGA

INVITATIONAL

Jr. Boys Hockey Tournament

Sponsored By

November 14 & 15, 2007
Erin Mills Twin Arena

Message from Principal

Welcome to St. Aloysius Gonzaga's second annual invitational Junior Boys Hockey Tournament. Welcome new schools and returning teams. This year is sure to be as exciting and successful as the last. Congratulations go out to last year's champions, Chaminade Gryphons. Good luck in your attempt to defend your title.

Thank you to all teams for participating in what is sure to be an exciting and successful event. Here at Gonzaga we take pride in academic and athletic excellence and we encourage students to take the opportunity to challenge themselves on mental and physical levels.

In seven years, Gonzaga has established a tradition of athletic success and has earned a reputation as being a school of champions. Our upstanding hockey program has produced outstanding results and has trained players to reach their full athletic potential.

Here at Gonzaga, we promote safety and respect among teammates, coaches, referees, spectators and their fellow competitors. All competitors are expected to abide by the Region of Peel Secondary School Athletic Association Code of Conduct for athletes and the St. Aloysius Gonzaga student athlete Commitment to Excellence.

I would like to personally wish all teams good luck and success. Have a safe and enjoyable tournament.

GO BULLDOGS!

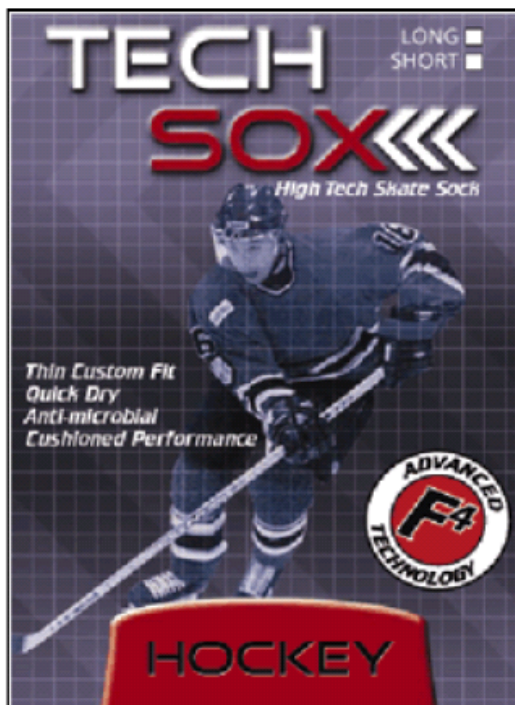

Tim Lariviere

2 Local Mississauga Men Share How to Make Big Money in Real Estate Without Touching a Hammer in FREE Report

Mississauga, Ontario - A new report has just been released which reveals a new simple real estate investing idea that you can use to make thousands of dollars without having to rehab, fix up or flip homes. This new report shows why trying to buy run down homes and repair them for profit is extremely risky.

The fact is that there is a new way to approach real estate investing that provides substantial profits with significantly reducing risk. Under this approach, you don't need to spend all of your time hunting down the deal of the century or your weekends fixing up run down homes.

According to Joe Mercadante, **"I started investing in properties using this strategy in April 2004. I have accumulated 20 homes that combined are paying me \$4,363 each month in positive cash flow. Plus I have locked in \$580,442 of additional profits in about 12 months. I recently quit my 9 to 5 job and live off the income from my properties!"**

You will quickly learn how to start a real estate money machine that will give you financial security. The best part of this approach is that it is auto-pilot income. Discover 3 simple secret strategies to earn an extra \$112,284 a year investing in real estate without having to fix up homes. **This special report will detail step-by-step how to make easy cash profits buying nice homes in nice areas.** You will also receive an extra report entitled **"Special and Confidential Profit Report for Preferred Members ONLY"**. In this extra special report, you will see over 30 properties that were purchased and the profits they created.

To have these two special FREE reports mailed to you, call the pre-recorded message center at 1-800-626-4153 & ID # 502 and leave a message with your mailing address. Please note that these two reports are only available while supplies last. If your message is received at a time when no reports are available, you will be placed on a waiting list. Understand that it may take several weeks to ship new reports to those caller on the waiting list. Call now before supplies run out.
