

Visual Arts – Grade 10 – Beginner – Open**AVI2OB**

This course emphasizes learning through practice: building on what students know and introducing them to new ideas, materials and processes for artistic thinking and experimentation. Student learning will include the refined application of the elements and principles of design, incorporating the creative and designed processes, and the relationship between form and content. Students will also learn about the connections between works of art and their historical contexts. Course objectives may be achieved either through a comprehensive program or through a program focused on a particular art form (e.g. drawing, painting.) **This course is designed for students with no previous experience in visual arts.**
