

New Transportation Information

<http://businfo.stopr.ca>

Beginning the 2nd last week of August until the end of June each year, this website will allow parents to login and find their child(ren)'s transportation information by following these simple steps:

- Type in the website address:
<http://businfo.stopr.ca>
- Click "student login"
- Enter your child's OEN number (found on their Report Card), street/house number, school and grade
- Click "login"

This will automatically display the child's transportation information, **if they are eligible.**

Beginning in September 2010, "Delays and Cancellations" will be added to this site. This feature will allow students, parents, and schools to view all late buses and bus cancellations.
