Erin Mills Youth Outreach Program

...A CARING COMMUNITY PLACE
FOR ALL
YOUTH AND FAMILIES

About us

The EMYOP program has been designed to enable young people in our community to know that they are valued and to help them grow as responsible individuals

EMYOP aims for youth to have an organized place to meet and enjoy a variety of recreational activities and learning experiences in relationship with staff, volunteers and each other

The program is led by an experienced Program Director who is assisted by a qualified Recreation Worker and trained volunteers

All of our staff and Volunteers have been carefully screened and have been especially chosen for their demonstrated expertise working with children and youth

Key components for EMYOP include providing children, youth and their families with opportunities for meaningful after school recreation and leisure activities in a safe and nurturing environment where all children are welcomed and cared

BEFORE AND AFTER SCHOOL PROGRAMS

Our programs support the healthy physical, social and emotional growth of children, youth, and families. Some of the programs we offer include:
