

St. Thomas Aquinas
Regional Centre For The Arts

MISSION STATEMENT

The mission of the Dufferin–Peel Catholic District School Board’s Regional Arts Program is to educate each student with enhanced Arts curricula in a Christ-centered environment.

In partnership with Church, family, community and professional artists, students will have defining moments to develop spiritually, aesthetically, intellectually, socially and multiculturally, while further developing their God-given gifts.

This program provides students the opportunity to root their high school experience in a creative environment, accumulating credits in courses that ignite learning and empowering students to achieve success that can lead them to a plethora of post-secondary opportunities.
