

Next Steps...

Within a few days, while the experience is fresh in your mind:

- Sort through and organize the materials you collected, along with any notes that were taken while at the fair.
- Review the information.
- Write down any further questions you might have. Follow up to get the answers (Guidance Counsellor or College/University representative)
- Make adjustments/modifications to your list, based on your Post Secondary Night experience. Have any schools dropped off the list? Have any been added? Should some schools be moved up or down in ranking?
- Schedule campus visits for your top schools.

St. Edmund Campion presents... Post-Secondary Night

When speaking with each school representative:

- Smile, shake hands, and introduce yourself.
- Explain why you are interested in this particular school.
- If the admissions rep is unable to answer some of your questions, ask them for the name of and contact information for someone who would have the answer.
- Collect any materials at the table that are of interest to you.
- Ask how you can contact the representative at a later date, should you have further questions.
- Thank the admissions representative for his/her time.
