*“I have no greater joy than this, to hear that my children are walking in the truth”*  
*3 John 1:4*

The Dufferin-Peel Catholic District School Board is committed to providing quality education to students in schools that are operating in a safe, secure, and efficient manner. In order to maximize the efficiency of operations, the Board will work with interested and approved partners to share facilities during school hours, from 7am to 6pm, Monday to Friday, in new and existing facilities.

Facility partnerships will not prevent the Board from building, renovating or closing schools or from disposing of surplus assets when required.

Community Planning and Partnerships in open and operating schools, as well as co-build opportunities for schools to be built, will consist of the following framework:

- I. Opportunities for Partnerships**
- II. Community Consultation and Notification Process**
- III. Partnership Proposals**
- IV. Partner Selection**
- V. Agreements and Cost Recovery**

Where available space or co-build partnerships have been identified, the following principles will be the primary consideration when reviewing suitable facility partnership opportunities:

- Respect the values of the Board and the Catholic Faith, expressions and icons throughout the building;
- Protect health and safety of the children;
- Improve services and supports available to students;
- Reduce facility operating costs for school boards and government;
- Maximize the use of public infrastructure through increased flexibility and utilization;
- Strengthen relationships between the Board and facility partners and the public;

- Operation and maintenance of the space will be carried out by the Board on a cost recovery basis, at minimum, to the partner;
- The ability of potential partners to meet criminal record check requirements of the Board.

Community consultation on Community Partnerships will be held on an annual basis or before the announcement of a Pupil Accommodation Review.

For use of schools outside of school hours, refer to Board Policy 6.50: Use of Schools – Buildings, Grounds and Facilities.
