

Online External Research Application

Applicant Information:

- Name
- Address
- Telephone number
- Email
- Position
- Institution or Agency

Please specify the deadline for which you are submitting your research application

Project Description

- Title of Research Proposal
- Nature of Research

Research Objectives

- Please describe the objectives of your research
- For Revised External Research Applications:
 - Will the proposed amendment change the overall purpose of the objective of the study?
 - Please describe the proposed study amendment or modification in the space below
 - Please upload a copy of the complete protocol with changes indicated in bold text or track changes.

Practical Benefits of Research and/or Contribution to:

- Dufferin-Peel Catholic District School Board
- Educational Knowledge
- Why is it necessary to conduct this study in the school system, as opposed to youth clubs or random dwelling sampling?

Research Design

- Methodology. Please be as concise as possible.
- Informed Consent Procedures: Describe the process for gathering consent from all participants.
- Data analysis procedures
- Security procedures

Data Collection

- Describe how you plan to recruit/access your proposed subjects
- Complete as applicable (e.g., grade, number of participants, time required)
- Instruments
- Facilities required
- Number of schools required
- Select the name of preferred school(s), if any, to be involved in this study

Provision for Feedback: It is required that, at minimum, a summary of the completed report be submitted to the participating schools. Please describe how you will share the research findings with the following participants:

- Participating school(s)
- Parents and students (if applicable)
- Does your research involve participants under the age of 18 or adult participants who are not capable of giving consent?
- Please describe the procedures for assent for participants under the age of 18 or for adult participants who are not capable of giving consent.

Submission Upload: Please upload all required documentation below.

- Ethics Approval
- All consent forms
- Data collection instruments, tools, and/or measures
- Criminal Reference Checks
- Other files, as applicable

Potential Risks: Please describe risks associated with participation as a result of the proposed methods and types of data to be collected, as well as any pre-existing vulnerabilities associated with proposed participant groups

Checklist

- This is to certify that the proposal has been examined and that it (a) adheres to the moral teachings of the Catholic Church, (b) standards for ethical conduct for research involving humans, and (c) standards for sound research design and methodology
- Signature of Researcher
- Name of Organization
- Name of Sponsor (e.g., sponsoring professor, director of organization, department chair)
- Signature of Sponsor
