

***Paper Towns* – John Green**

This novel was based on a boy going out of his way to find the girl that he loves. At first glance, I thought it was going to be somewhat like a mystery book because Quentin Jacobsen has to solve the clues he is given to find the mysterious Margo. Overall, the story and the characters were well done; however, it was lacking in excitement. To be completely honest, I thought that this book was an absolute waste of time once I got to the end. I was expecting the adventure to be exciting and thrilling, but it was an uneventful ride, to say the least.
