Random Selection

- In the event the number of applications exceeds the number of allotted spaces, complete applications received by the due date will be subject to the random selection process.
- A waitlist will be generated from the random selection and will be valid until the reorganization day of the following school year.
- If the number of applications does not exceed the allotment of spaces in the program, the application will be complete and the Parent/Guardian will be notified by school staff of the child's acceptance to the Catholic Global Learning Program.
- Siblings of students currently registered in the program will also be subject to the random selection process to ensure equity of access to the regional program. In the case of an application by same-age/same-grade siblings (twin siblings), one application per sibling must be submitted.
- Information regarding the status of the application will be communicated within a week of the random selection process results, via the email address or mail address as identified by the parent/guardian.
- The school will generate a waitlist for consideration should spaces become available during the remainder of the school year. The waitlist will be valid until the reorganization day of the following school year.
- If a spot becomes available, the school will contact the first waitlist applicant. Said applicant will have 48 (forty-eight) hours to accept the spot. After 48 (forty-eight) hours, the school will contact the next applicant on the waitlist.
- Residents outside of Dufferin Peel are not eligible for the random selection process. All outside residents must be catholic and their registrations will be added to the bottom of the waitlist after the random selection process.
