February 2020

This month, we are called to embrace the virtue of **RESPECT**. As we draw closer to Christ, may we see Him in the goodness of others and live out respect, one of the greatest expressions of love.

- **Grants for Student Needs (GSN)** – On January 13, the Ministry of Education announced the consultation format for GSN in 2020-2021. The Ministry is seeking feedback from school boards and education stakeholders. The Ontario Catholic School Trustees Association (OCSTA) will be submitting key priorities for the Ministry’s consideration. More information to follow.
- **Establishment of Bullying Prevention Committee** - DPCDSB is pleased to announce the formation of the *Bullying Prevention Committee (BPC)*. This staff committee will focus on the review, analysis and monitoring of the DPCDSB’s bullying prevention policies, procedures and practices with a purpose of identifying and enacting changes where appropriate.
  - The committee will be composed of senior staff and principals and will consult with parents/guardians through the DPCDSB’s Special Education Advisory Council (SEAC), Central Committee for Catholic School Councils (CCCSC), Indigenous Education Advisory Council (IEAC), as well as with students, through Student Senate, and trustees.
  - The BPC will focus first on reviewing current policies, procedures and practices in place to support students affected by bullying, with a view to determining if administrators have the tools they require to adequately support those affected by bullying. Part of the committee’s work will include a survey of elementary and secondary students regarding the effectiveness of current supports available to those affected by bullying.
  - The committee’s work commenced in January 2020 with the goal of presenting a report to the DPCDSB’s By-law/Policies Review Committee during the first half of the 2020-21 school year.
  - The DPCDSB has engaged renowned anti-bullying expert, Dr. Debra Pepler, to provide advice and guidance to inform the BPC’s work. Dr. Pepler is a recipient of the Order of Canada and a Distinguished Research Professor of Psychology at York University. She is best known for her ongoing research on aggression, bullying, and victimization among children and adolescents. Her programs of research on peer and family relationships have been embedded in clinical and community programs. She is one of the co-founders of PREVNet, a federally funded national network to promote healthy relationships and prevent bullying for children and youth. She is also a member of the Independent Respect and Culture Review Committee that authored the *Final Report of the St. Michaels College School (SMCS)* published in August 2019.
  - The DPCDSB will host a Parent Engagement Night for parents/guardians at a date to be determined in the spring, where Dr. Pepler will be the keynote speaker. More information on this event to follow.

- **Bus Cameras** – In December 2019, the Region of Peel approved a motion to initiate a working group to investigate the implementation of stop arm cameras on school buses throughout the region. This group includes representation from DPCDSB, Peel District School Board, City of Mississauga, City of Brampton, Town of Caledon, Student Transportation of Peel Region (STOPR) and Peel Regional Police. A report from the working group will be sent to Regional Council in April. Currently, stop arm camera technology is utilized on some school buses in the Niagara and Ottawa regions. DPCDSB will be following the development of this initiative and provide updates as more information is available.

On January 24, Lilet Raffinan with Canadian Blood Services, presented at the Board of Trustees - Faith and Program Committee Meeting. Together, we are raising awareness and saving lives for many Canadians. The need for blood donation continues this time of year. For more information, please visit [www.blood.ca](http://www.blood.ca)
