

French – Grade 9 – Modified**FSF1PM**

This is an introductory French course that will provide students with the language learning experiences that will enable them to communicate in the language of study. Students will develop and apply their speaking skills in a variety of contexts and will participate in activities that will improve their reading comprehension and writing skills. They will also explore aspects of the culture of countries where French is spoken. Although students will expand their vocabulary and repertoire of language structures, the language they will use at this level will still be simple. This course is offered to both ESL students and students who have had no previous exposure to French, but who enjoy the acquisition of language.
