Like good stewards of the manifold grace of God, serve one another with whatever gift each of you has received.

1 Peter 4:10

1. In support of the Dufferin-Peel Catholic District School Board's (the Board) mission statement, collaborative relationships with external parties, at a system-wide level, are encouraged when such relationships are of mutual benefit to all participants, contribute to the common good, and enhance services and supports for students without duplicating or replacing services provided by Board personnel.
2. Collaborative relationships entered into with the Dufferin-Peel Catholic District School Board (the "Board") must be consistent with the Board's mission statement; the *Multi-Year Strategic Plan* and the annual *Catholic Board Improvement Learning Cycle*; inclusive of the Board's Catholic identity, and Catholic social teaching. Collaborative relationships must emphasize benefits to all students, including students with diverse learning needs. Moreover, collaborative relationships shall support the policies and procedures established by the Board.
